EDUCATION

ISDI Coders

Dec 2022 — Jun 2023

The purpose of enrolling in the bootcamp was to enhance my front-end knowledge, focusing on clean code, best practices, and expanding my skill set to include back-end development, TypeScript, and testing. This comprehensive training enabled me to evolve into a full-stack developer, equipped with a broader range of expertise and a deeper understanding of various aspects of web development.

Educatic | Application development with JAVA

Jun 2020 — Sep 2020

Java application development course using Spring MVC, hibernate.

EXPERIENS

ISDI Coders | Full stack developer

Dec 2022 — Jun 2023

I have successfully undertaken and completed multiple projects in both front-end and back-end development, leveraging the power of industry-leading technologies such as React, Next.js, and Express.

Big Fan Museum | Front-end developer

Jul 2021 — Jun 2022

As a Front-End Developer in this startup, I am instrumental in building innovative software solution from the ground up.
Leveraging my expertise in front-end development technologies such as JavaScript and React, I work closely with the team to architect and develop robust, user-friendly application.
